Voyage of the Vikings

aboard *MS Maasdam*

July 17 - August 21, 2010 for 35 days

A unique northern latitude sailing that include select, and some off the-beaten-track ports of call. On *Maasdam* you will sail roundtrip from Boston and follow the route of the vikings, visiting ports of call in New Foundland, Greenland, Iceland, Norway, Denmark, Netherlands, Ireland and England. *Maasdam* was the second of four nearly identical vessels built by *Holland America* in the 1990's. She is mid-sized by today's standards at 55,000 tons and a passenger capacity of 1250. *Maasdam* is not a "glitzy" ship; rather the interior styling uses a mixture of contemporary materials with traditional woods and ceramics. An outstanding array of artwork is displayed throughout the ship representing the fine Dutch heritage and with *Holland America's* new "Signature of Excellence" initiative the result is upgraded cuisine accompanied by attentive and friendly service from the Filipino and Indonesian staff.
